# Clearstart 30-Day Cleansing Program

Product Code

**2 8 2 7 7**

Clearstart contains three products: Paraway®, LiFiber™, and Nature's Tea™. Used together as instructed, these three products provide an intensive 30-day digestive cleansing program, which we recommend you repeat every 6 months. In addition, many people benefit by taking LiFiber daily throughout the year. When your digestive system is working at peak efficiency, you'll maximize your well-being and address a variety of health concerns. Moreover, your body will more efficiently absorb the vitamins and minerals essential to optimal health.

## Benefits and Features

Unicity designed Clearstart to help your digestive system accomplish three tasks essential to good health:

- Eliminating unwanted organisms
- Removing toxins
- Cleansing your colon

## Recommended Usage

- Take 2 Paraway capsules between days 1-10 and increase the amount to 5 capsules between days 11-30. Preferably take Paraway before breakfast.
- Take LiFiber as directed on the canister. For optimal results take LiFiber roughly 1/2 hour after the Paraway.
- During the day, drink at least 8-10 glasses of filtered water.
- Drink 1 cup of Nature's Tea, preferably after your evening meal, right before going to bed.

# Green Tea Oil

Product Code

2 8 2 9 3

**First in the market with Oil-soluble Catechin – CoCo Green™**

Size:  
80ml / bottle

## Features and benefits:

Green Tea Oil is a botanical oil-soluble Catechin (CoCo Green™), which is extracted from green tea base powder through a globally-patented\* manufacturing process, combining Jojoba Oil, Squalene from Olive Oil and natural Vitamin E.

Catechin is a type of tannin found in tea leaves. It is known for its anti-oxidant, anti-bacteria, fat-burning and odor-eliminating properties. CoCo Green™ is the first ingredient in the world that has successfully blended Catechin into an oil-soluble format without using surfactants or emulsifying agents. Oil-soluble Catechin has the ability to penetrate deep down the skin's lower layers to restore moisture and elasticity, as well as replenish skin lipids which are essential to prevent skin water loss as compared to the conventional water-soluble Catechin.

Green Tea Oil is manufactured through a 100% natural process from high quality green tea leaves. The green tea leaves used in CoCo Green™ are grown organically without agricultural chemicals. It contains much higher amount of Catechin compared to other green tea leaves. The natural green color and fragrance of the Green Tea Oil feels like no other on your skin. With its superior moisture retention and skin protection abilities, Green Tea Oil can be used from head to toe. Green Tea Oil is suitable for the entire family including children above 6 months.

\* Patented No. PCT/JP01/05020

## Key Ingredients:

Organic Green Tea Leaves (Camellia Sinensis), Organic Jojoba Oil, Botanical Squalane (Olive Oil) and Natural Vitamin E (Tocopherol)

## Recommended Use:

Green Tea Oil can be used by anyone, at any time and on any part of the body. Use alone or with other daily care products such as Be™ Skin Care, Body Care and Hair Care
