COMPENSATION PLAN

Distributor Earnings

Unicity Distributor

The success of any Distributor depends on the amount of product or services sold through the business. As a Unicity Distributor, you earn income based on the amount of sales generated by you and your extended business team. You may build your business at your own pace, although there are benefits to building your business as quickly as possible. The most successful Distributors focus on expanding their network while adding to their business base over time.

Unicity Management shall have the sole discretion to make the amendments or addendums to Compensation or Award Plan which are adopted from time to time in writing by Unicity.

To better understand the Career Plan, it is recommended you turn to the back of this booklet and review the glossary.

When you utilize the Enroll and Place feature, you are referred to as the Enroller and the immediate Upline of the new Distributor is referred to as the Sponsor. This feature provides both the Enroller and Sponsor as mentors to the new Distributor. The Fast Start Bonus on the new Distributor's first Volume Month is paid to the Enroller and Enroller's Upline. The first month's Personal Volume of the new Distributor is credited to the Enroller's Team Volume if the Sponsor or Sponsors Upline is not a Manager. whose relationship is not otherwise terminated. Retail Customers are not Distributors.

Distributor Ranks. There are fourteen Ranks in the Unicity Career Compensation Plan. Each Rank reflects the size and scope of an individual business. As you extend your business, the amount of sales (Volume) generated through your business will also grow. This will lead you to achieve higher and higher Ranks in the Unicity Career Compensation Plan.

The chart on the opposite page shows the Rank, Name, and Volume structure requirements.

Frontline. A Distributor who is immediately below the Sponsor in the Sponsor's Downline.

Generation. A grouping of Downline Distributors, organized for the purpose of calculating Infinity Shares. A Generation may also be referred to as a Share.

Glossary

Volume requirement, Organizational Volume requirement, and Team Builder Bonus qualifications in the second month.

In order for Team Volume to roll over, the new Distributor must have a 50 PV order in their second month. The new Distributor's Volume will not roll over to the second month if:

The new Distributor qualifies for any level of the Team Builder Bonus in the current month—or—

Someone in the new Distributor's Downline qualified for any level of the Team Builder Bonus in the current month.

A minimum of 50 PV is required in your first calendar month for Fast Start Bonus qualifications, regardless of your Team Volume Roll-Over status.

Horizontal Compression. Unicity's proprietary process of summing a Distributor's Leg OV—while excluding the two largest Legs—to create a single Leg that may be used to Qualify for a Rank of Senior Manager or higher.

Infinity Share. The Award paid to Managers and above on the Volume of non-new Downline Distributors. A Distributor's Volume pays Infinity Share 1 to the first Upline Manager or above. Infinity Share 2 is then paid to the next Upline Sr. Manager or above. Infinity Share 3 is then paid to the next Upline Director or above. This is continued until the Diamond Share is paid.

Rank. Qualification title in Compensation Plan.

Retail Profit. The difference between wholesale price and retail price paid by a customer.

Commissionable Volume (CV). All commissions are calculated using CV. To determine the CV of a box of Bios Life S, you simply multiply the point value of a product by the conversion of 50.

It is important to understand how CV is used to calculate commissions. If you were to earn a 25% Fast Start Bonus on someone you have enrolled who placed a 500 PV start-up order, here is how your commission would be calculated: $500\text{PV} \times 50$ (Conversion rate) = 25,000 CV $\times 25\%$ Fast Start Bonus = 6,250.

Infinity Share Bonus Example

On the following page is an example of how Infinity Share Bonuses are awarded to the Upline. In this example a Manager on a Diamond's 24th generation has placed a monthly order for 50 PV. The system searches Upline for the next qualified person to receive the available Infinity Share for that Rank or higher on that 50 PV. The Infinity Share Bonuses are awarded Upline in the following manner:

- First Infinity Share is awarded to the first Manager or higher in the Upline (found in generation 23 in the example)
- Second Infinity Share is awarded to the first Sr. Manager or higher starting from the Distributor that earned the Manager Share (generation 22 in the example)
- Third Infinity Share is awarded to the first Director or higher starting from the Distributor that earned the Sr. Manager Share (generation 19 in the example)
- Fourth Infinity Share is awarded to the first Sr. Director or higher starting from the Distributor that earned the Director Share (generation 17)
- Fifth Infinity Share is awarded to the first Ex. Director Share or higher starting from the Distributor that earned the Sr. Director Share (generation 14)
- Sixth Infinity Share is awarded to the first Presidential Director or higher starting from the Distributor that earned the Ex. Director Share (generation 11)
- Seventh Infinity Share is awarded to the Presidential Sapphire or higher starting from the Distributor that earned the Presidential Director Share (generation 9—a Presidential Ruby in the example)
- Eighth Infinity Share is awarded to the first Presidential Ruby or higher starting from the Partner that earned the Presidential Sapphire Share (generation 3—a Presidential Diamond in the example)
- Ninth Infinity Share is awarded to the first Presidential Diamond or higher starting from the Distributor that earned the Presidential Ruby Share (generation 0—the top Presidential Diamond in the example)

to be paid a minimum of nine Infinity Shares, the Infinity Share Bonus structure

Although the Presidential Diamond at the top of the organization is guaranteed to be paid a minimum of nine Infinity Shares, the Infinity Share Bonus structure compresses those generations by Rank—allowing the Presidential Diamond to be paid on the 24th Generation. This unique compression model allows all Distributors to earn as deep as possible in their Organization depending on their Rank.
